

UAE PETROLEUM AND LOGISTICS

FUEL SUPPLY • LOGISTICS SOLUTIONS • WAREHOUSING • GLOBAL DISTRIBUTION

*"Fueling Your Journey, Powering Every Mile, Logistics That Deliver,
Fuel That Drives, and Solutions That Move the World."*

WHO WE ARE

AN INTEGRATED ENERGY & LOGISTICS POWERHOUSE

UAE Petroleum and Logistics is an independent freight logistics, petroleum, fuel and lubricants company with expertise in delivering fuel solutions and logistics services across South Africa and surrounding regions.

We combine deep sector experience with a modern, technology-driven approach — giving clients a single, accountable partner for fuel supply, transportation, warehousing and plant. Our scale, sourcing networks and disciplined operations keep industry moving, every day.

From our head office in Sandhurst, Gauteng, we operate across all nine South African provinces and along established cross-border corridors into the region — with international sourcing relationships that keep supply competitive and resilient.

— WHAT DRIVES US

BUILT ON PURPOSE, RUN ON DISCIPLINE

— MISSION

**FUEL THAT DRIVES INDUSTRY
FORWARD**

To deliver dependable fuel, freight and energy solutions that empower businesses across South Africa and the region — with safety, integrity and operational excellence at the core.

— VISION

SOLUTIONS THAT MOVE THE WORLD

To be the most trusted independent petroleum and logistics partner in the region — recognised for reliability, scale and an unwavering commitment to clients.

FOUR DIVISIONS. ONE STANDARD.

- ✓ Fuel Division — bulk fuel, lubricants & distribution
- ✓ Logistics Division — heavy transport & freight
- ✓ Warehousing — storage & distribution in KwaZulu-Natal
- ✓ Yellow Plant — construction & mining machinery

OUR JOURNEY**FOUNDATION**

Established as an independent supplier of reliable bulk fuel and lubricants to industry.

EXPANSION

Added heavy transport — tautliners, side tippers and flat decks — creating an integrated logistics division.

INFRASTRUCTURE

Commissioned warehousing facilities at Phoenix Industrial, Umhlanga and Springfield in KwaZulu-Natal.

TODAY

Regional and international reach: cross-border operations and global sourcing across six markets.

FUEL DIVISION

BULK FUEL & PETROLEUM SUPPLY

Reliable, competitively-sourced fuel and lubricants delivered in bulk — backed by storage, management systems and a dedicated tanker fleet.

PRODUCTS & SERVICES

- ✓ Diesel Supply
- ✓ Petrol Supply
- ✓ Lubricants
- ✓ LPG Gas
- ✓ Bitumen
- ✓ Aviation Fuel
- ✓ Kerosene
- ✓ Fuel Management
- ✓ Fuel Storage Tanks
- ✓ Bulk Distribution

International supply networks secure competitive, dependable volumes, while stringent quality control governs every litre from sourcing through storage to delivery.

LOGISTICS DIVISION

HEAVY TRANSPORT & FREIGHT

A modern Mercedes-Benz Actros-led fleet moving fuel, freight and bulk commodities with precision transport management.

ACTROS FLEET ON ROUTE

- ✓ Mercedes-Benz Actros Fleet
- ✓ Tautliners
- ✓ Side Tippers
- ✓ Flat Deck Trailers
- ✓ Break Bulk Transport
- ✓ FMCG Logistics
- ✓ Mining Transportation
- ✓ Transport Management

Every movement is coordinated through disciplined transport management with 24/7 GPS tracking — from single regional runs to scheduled cross-border programmes.

WAREHOUSING DIVISION

STORAGE, DISTRIBUTION & INVENTORY

Strategically located facilities across KwaZulu-Natal — purpose-built for storage, distribution, loading and inventory management.

PHOENIX INDUSTRIAL

UMHLANGA

SPRINGFIELD

PHOENIX INDUSTRIAL

Primary bulk storage and distribution hub for the coastal region.

UMHLANGA

Coastal loading and distribution facility close to import routes.

SPRINGFIELD

Central inventory and cross-dock centre for rapid dispatch.

CAPABILITIES

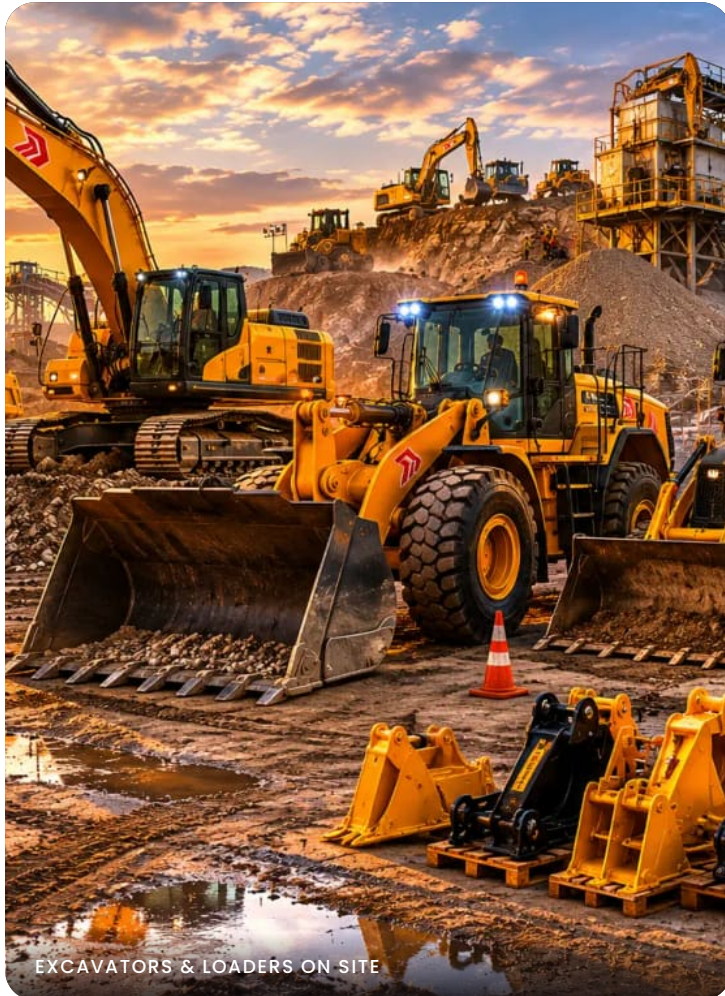

Secure storage facilities, distribution centres, dock-level loading and real-time inventory management.

YELLOW PLANT MACHINERY

CONSTRUCTION & MINING EQUIPMENT

A capable fleet of earthmoving and material-handling machinery for construction, mining and industrial projects.

MACHINERY

- ✓ Excavators
- ✓ TLBs
- ✓ Loaders
- ✓ Construction Equipment
- ✓ Mining Machinery

Plant is maintained to the same standard as our transport fleet and deployed with the fuel and logistics support that keeps machines productive on site.

— OUR FLEET

BUILT TO MOVE ANYTHING

A modern, meticulously-maintained fleet of 120+ units engineered for fuel, freight, mining and break-bulk – anywhere in the region.

GLOBAL REACH

OPERATIONS ACROSS BORDERS

From our South African base we move fuel, freight and machinery across the region and source globally — connecting markets with reliable supply along 20+ active corridors.

HEADQUARTERS**SOUTH AFRICA**

Primary base for fuel, logistics, warehousing & plant across all nine provinces.

SOUTHERN AFRICA**ZIMBABWE**

Cross-border fuel and bulk transport on established trade routes.

CENTRAL AFRICA**DR CONGO**

Mining-sector fuel and logistics support along key inland corridors.

SOUTH-EAST COAST**MOZAMBIQUE**

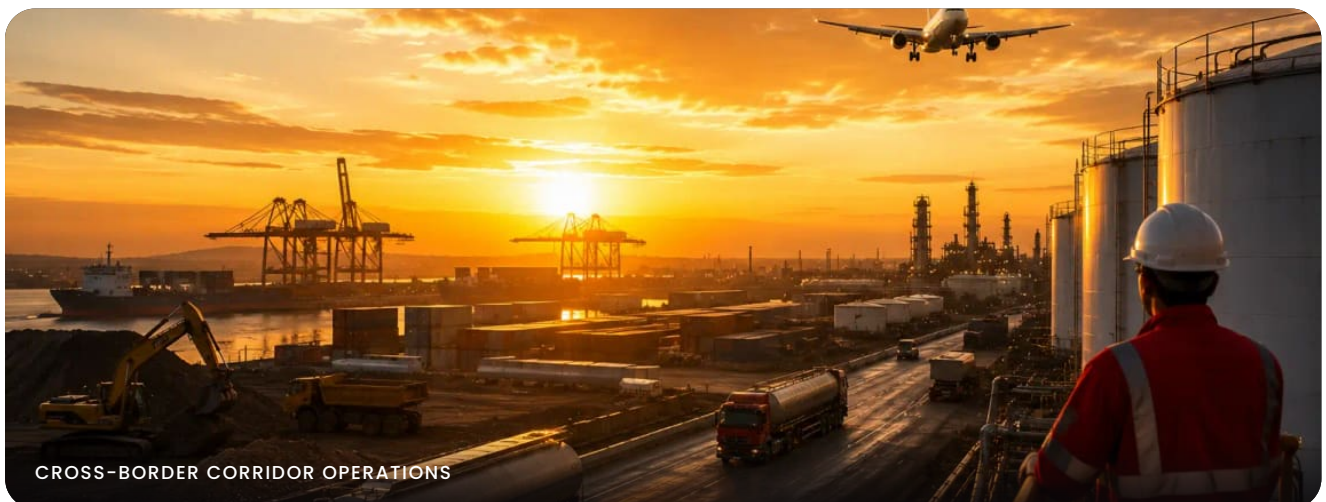

Port-corridor distribution connecting maritime imports to the region.

SOUTH-CENTRAL**ZAMBIA**

Freight and fuel movement supporting mining & industrial demand.

GLOBAL SOURCING**MIDDLE EAST**

International sourcing relationships securing competitive, reliable volumes.

CROSS-BORDER CORRIDOR OPERATIONS

— HOW WE WORK

SAFETY, RELIABILITY & SERVICE

QUALITY DRIVEN

Stringent quality control across fuel sourcing, storage and distribution — consistency you can build on, in every litre supplied and every load moved.

CUSTOMER FOCUSED

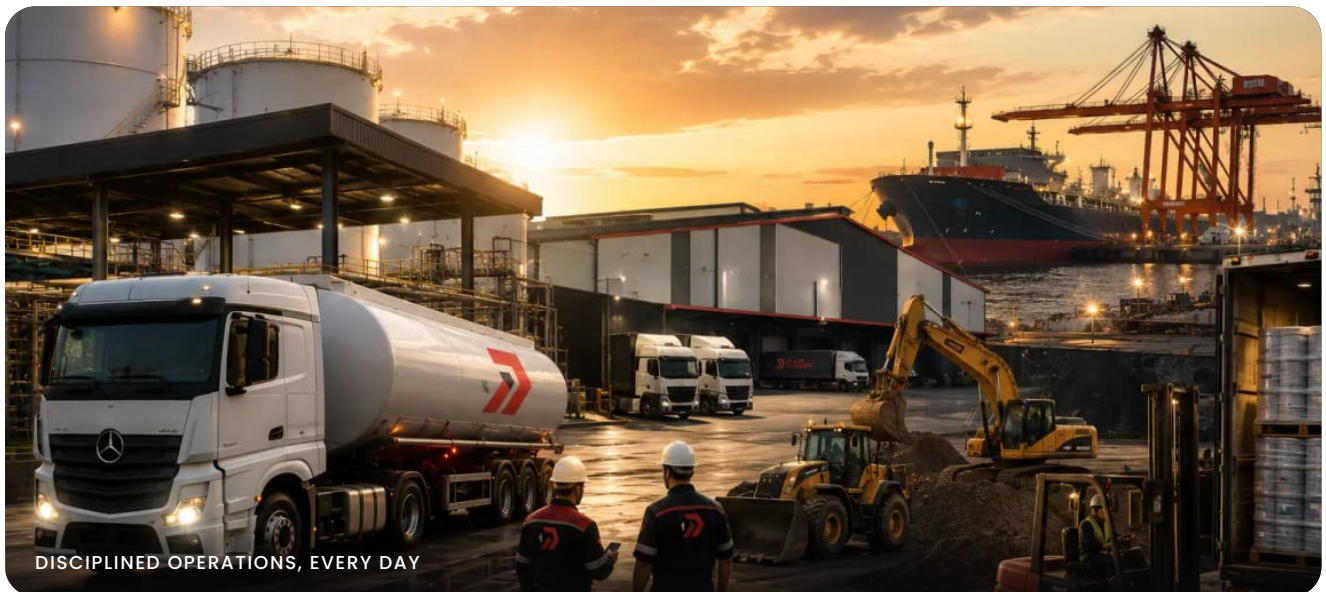

Solutions engineered around your operation — flexible, responsive and built for the long term, with a single accountable partner across divisions.

GLOBAL SOURCING

International supply relationships secure competitive volumes and resilient, dependable supply through changing market conditions.

OPERATIONAL DISCIPLINE

ADR-certified tanker operations, 24/7 GPS tracking across the fleet and a 98% on-time delivery record — dependable movement, measured and managed.

"Fueling Your Journey, Powering Every Mile."
